

12A: Child(ren) – Socio-emotional, trauma, etc.				
Question	1. Shawntese Jordan	2.	3.	4.
What needs were/are identified by the agency (formal/informal) initially and ongoing?	<i>Need identified regarding development of appropriate social skills with peers at school. Obtained through informal assessment which included face to face visits with the child and conversations with her foster parents and school.</i>			
What services were/are identified to meet the needs?	<i>The agency supported participation in Girl Scouts, which addressed some of the child's social and emotional development needs.</i>			
Were/are the services that were provided an appropriate match to the need(s) that were assessed?	Yes			

<p>Were/Are the services provided effective in meeting the identified needs?</p>	<p><i>Ongoing participation in Girl Scout activities in addition to attendance at Girl Scout camp. Informal assessment of the child's needs were conducted by the caseworker as she engaged with the child during visits and through ongoing contacts with the foster parents and the school counselors who informed the caseworker about the child's needs related to social relationships with peers and teachers.</i></p>			
<p>List examples of any specific concerted efforts that support(ed) the provision of services, if applicable?</p>	<p><i>The caseworker's frequent quality contacts with the child and her caregivers informed ongoing assessment of the child's needs and the assurance that the child was able to consistently attend Girl Scouts.</i></p>			
<p>What needs were identified by reviewers that were NOT assessed by the</p>	<p><i>N/A - None</i></p>			

agency during the PUR?				
What services were needed that were not provided?	<i>N/A - None</i>			
12B: Parents (In Home, In Home AR/DR, and Foster Care cases)				
Question	1. Freda Jordan	2. Caleb Lewis	3.	4.
What needs were/are identified by the agency (formal/informal) initially and ongoing?	<i>Needs identified included substance abuse and mental health assessment and treatment as these issues were negatively impacting her ability to care for her child. The assessment also indicated a need for increased parenting skills and assistance with housing and supportive services after reunification. Formal and informal assessment were conducted initially and ongoing.</i>	<i>Informal assessment conducted initially revealed the father needed to build a relationship with his daughter. This need was assessed on an ongoing basis.</i>		
What services were/are identified to meet the needs?	<i>The mother was provided substance abuse and mental health treatment, parenting skills training,</i>	<i>The agency communicated the father's desire to all parties in the case and worked with the target</i>		

	<p><i>housing assistance, and support services that adequately addressed her needs. As a result of her participation in services, the mother's capacity to care for her child improved.</i></p>	<p><i>child's therapist to conduct an ongoing assessment of the child's readiness to engage in a relationship with her father. The caseworker supported the father in writing letters to his daughter and explained the process that would be followed to support the relationship.</i></p>		
<p>Were/are the services that were provided an appropriate match to the need(s) that were assessed?</p>	<p><i>Yes. Mother received the appropriate level of treatment for her substance abuse issues.</i></p>	<p><i>Yes.</i></p>		
<p>Were/Are the services provided effective in meeting the identified needs?</p>	<p><i>Yes. As a result of the mother's participation in services, her capacity to care for her child improved.</i></p>	<p><i>Yes. The child shared in an interview that she is now writing to her father.</i></p>		
<p>List examples of any specific concerted efforts that support(ed) the provision of services, if applicable?</p>	<p><i>Accurate assessments of mother's substance abuse and mental health issues were conducted throughout the life of the case and appropriate levels of care to address substance abuse issues were provided.</i></p>	<p><i>Ongoing contact with the father, despite incarceration, in addition to regular quality contact with the child ensured concerted efforts were made to assess the father/child relationship. The agency communicated</i></p>		

		<p><i>the father's desire to all parties in the case and worked with the target child's therapist to conduct an ongoing assessment of the child's readiness to engage in a relationship with her father. The caseworker supported the father in writing letters to his daughter and explained the process that would be followed to support the relationship.</i></p>		
<p>What needs were identified by reviewers that were NOT assessed by the agency during the PUR?</p>	<p><i>None</i></p>	<p><i>None</i></p>		
<p>What services were needed that were not provided?</p>	<p><i>None</i></p>	<p><i>None</i></p>		

12C: Foster Parents (Foster Care cases only)				
Question	1. Javon and Charlotte Samuels	2.	3.	4.
What needs were/are identified by the agency (formal/informal) initially and ongoing?	<i>The case notes and interviews indicate that the caseworker visited the foster parents frequently and conducted informal assessment about their care of the child to assess any potential needs, both initially and ongoing.</i>			
What services were/are identified to meet the needs?	<i>The caseworker engaged the foster parents in case planning meetings where needs were expressed. The foster parents were seasoned and did not have any needs aside from training and support in dealing with the child's medication management and mental-health needs.</i>			

<p>Were/are the services that were provided an appropriate match to the need(s) that were assessed?</p>	<p><i>Yes. The foster parents participated in the child's therapy sessions to learn how to create the structure and support the child needed and to work through her depression and manage her medication.</i></p>			
<p>Were/Are the services provided effective in meeting the identified needs?</p>	<p><i>Yes. Foster parents reported no concerns of any unmet needs and they were able to provide a stable and supportive placement for the child throughout the time the child was in their care.</i></p>			
<p>List examples of any specific concerted efforts that support(ed) the provision of services, if applicable?</p>	<p><i>Quality visits with the foster parents ensured that there was effective monitoring of their needs in addition to follow through with collateral contacts (i.e. therapist and doctor prescribing medication) to ensure that needs were met and that there</i></p>			

	<i>were no outstanding concerns.</i>			
What needs were identified by reviewers that were NOT assessed by the agency during the PUR?	<i>None</i>			
What services were needed that were not provided?	<i>None</i>
