The Foundations series includes ten numbered modules, eight which include instructor-led Zoom sessions. There are also seven online only modules which are not numbered.

Each instructor-led Zoom module has required online course work that **must** be complete prior to attending. Participants **will not** be permitted to attend the Zoom session if they have not completed the online course work. Participants should contact their Foundations advisor, the person designated by the county agency, with any questions.

Thank you and we look forward to working with you through the Foundations series!
