Login Instructions and Help

You will be given your username and password to login to the E-LEARN site by your county liason or by the PA Child Welfare Training Program. Go to: http://www.e-learn.pitt.edu to access the online courses.

1. Enter your user name and password and click “GO” to login.

2 Click on the “Course Catalog” tab to see available courses.

3. Scroll down to browse for the course you want to attend:

4. Click the Enroll Button to enroll yourself in the Course.
5. Click on the 'My Courses" Tab and you should see your courses you are enrolled in:
(i.e. 1695 “Charting the Course”)

6. Click on the course you want to launch and click the Launch button to enter the course

Follow the on-screen instructions once you have entered course. The system will track and remind you of your progress and what you have or have not completed. When you exit the course and reenter, you will be prompted to go to the last page you were on before you logged off. Please try to complete the Pre-Work for each Module before attending the related in-classroom training module. Post-work sections will not be available till you have completed your Pre-Work and these sections are to be completed AFTER you have attended the concurrent In-Classroom training.
