

Informing Practice Delivery Statewide by Using Pennsylvania and County-Specific Data September 24, 2020 | 10:30 am - 12:00 pm

Join us for a webinar to learn about how statewide and county-specific FGDM data can inform continuous quality improvement efforts and the importance of outcomes to inform FGDM practice delivery.

This workshop will explore practice needs and the utilization of data to inform areas of FGDM practice, including parental engagement, older youth, expedited conferences, and conference safety. Statewide data presented during this workshop pertains to 4,885 Family Group Conferences that occurred between July 1, 2016 and June 30, 2019 across 62 of the 67 counties. A facilitated discussion will be held around how this information can be utilized to plan and monitor continuous quality improvement goals.

Continuing Education (CE) credits have been requested.

REGISTER TODAY

Please register through QR code above or this [REGISTRATION LINK](#). Online registration will close three days prior to the webinar or upon reaching maximum capacity. Confirmation of your registration will be sent prior to the webinar with the Zoom link. If you have questions regarding your registration, please contact cwtpreg@pitt.edu.
