

5. Parenting General: (what are the overall, typical, pervasive parenting practices used by the parent? Does not include discipline.)

6. Adult(s) General Functioning: (How does the adult function in respect to daily life management and general adaptation?)

Is there a change on the safety threat or any impending danger to the child?	Yes	No
--	-----	----

If the above is yes, a new safety assessment must be completed within 24 hours of this face to face contact and a supervisor should have been notified.
