**Accessing the Building:**

**Entry into the building:** You should have received a code in your box of training materials. This code will open the front training room door.

The front door

- You open it with the access code. There is an Allen wrench in the office in the top drawer of the desk in a red bowl.
- From inside the front door, you take the Allen wrench and insert it into flat part (the push in part) of the door handle. Insert it and turn it to the right. Hold it to the right and press in the handle then turn the Allen wrench to the left while you let the pressed in part of the door handle release.
- It will stay pressed in and remain unlocked. Just be sure to do the same steps to lock it.
- It may take you a couple times, but you will get the hang of it.

*Please do not do this for the back door also please do not keep the front or back doors propped open.*

**Parking:** Parking at this facility is free. Parking is located in the back of Hamilton Plaza. To access this lot, attendees will go towards Hamilton Plaza, pass the Tire Store, and make a right into the rear lot.

**NOTE:** The parking spaces in the front of the training room are not to be used by participants, as these spots are reserved for local business patrons.

**Accessing Training Room Outside of Scheduled Training Hours:**

In preparation of upcoming trainings, we understand that some instructors may want to visit our contracted training rooms prior to the day of the scheduled workshop. Unfortunately, due to conflicting training room hours and previously scheduled workshops and events, this is not always possible.

We are asking that if you are scheduled for a training and would like to visit the training room the day before, please contact your Regional Resource Specialist in advance, and they can verify if the room is available, as well as assist with building hours.

If you experience a room maintenance emergency:

- During regular business hours, Monday through Friday, 8:00 am to 4:30 pm, please call CWRC front desk at 717-795-9048.
- If after hours, please call the emergency phone at 717-991-8654

Please Note: Please check training materials promptly after receiving your box to ensure accuracy of those materials, as missing handouts or items do not constitute an afterhours room emergency.
