

Name Tent Instructions

Choose 1 piece of card stock from the pile on your table. Then follow one of the sets of instructions below and display the following information listed on the bottom of the page.

Have fun!

Option #1: Orient your 8.5 x 11 piece of cardstock in the portrait position. Grasp the top left corner and carefully bend it down so the top of the paper is flush with the right side. The corner should be about $\frac{3}{4}$ of the way down the paper making a triangle. Crease the folded edge. Take the bottom edge and fold it up over the bottom of the triangle so the fold is against the straight edge. Now fold the left corner that sticks out over the triangle and tuck in the fold. Stand your name tent so the flat fold is the support on the bottom.

Option #2: Orient your 8.5 x 11 piece of cardstock in the portrait position. Taking each of the top corners, fold them down that they make a triangle and a point at the top (like making an airplane). Bring the bottom edge up and make it even with the bottom of the triangles. Crease the fold to make a base. Now take each of the base corners and fold them in making a point on each side. Stand the name tent so the name faces the group, the bottom base should have the corners sticking up to give support to the decorated side.

Option #3: Create your own shape and design.

Requested information for all options:

- Name;
- County;
- Role;
- Length of time in that role;
- Symbol of your cultural heritage; and
- Decorate as you see fit.
