

A Collaborative Approach To Concurrent Planning

Who Are We?

In order to provide counties with the most helpful and accessible technical assistance, a collaborative has been formed to coordinate and integrate Technical Assistance, TA. Members of the TA Collaborative in your county include:

- Administrative Office of Pennsylvania Courts
- Child Welfare Resource Center
- Department of Public Welfare, Office of Children Youth and Families
- Statewide Adoption and Permanency Network and Legal Services Initiative
- American Bar Association Permanency Project

Why now?

While the TA Collaborative continues to be available to support you across a broad spectrum of services, in response to a recent county survey, our current focus is preparing for implementation of the Concurrent Planning Bulletin. The organizational self-assessment and implementation plan are due to the regional office of OCYF on July 1, 2013.

What can we do for you?

We are committed to working as a collaborative team to provide a single approach to any county-identified need. Some specific examples related to Concurrent Planning include:

- An overview of the Concurrent Planning Bulletin
- Assistance in assessing practice related to the 8 core components
- Facilitate the development of your implementation plan
- Identify and overcome systemic barriers

How can you access the TA collaborative?

Contact any member of your county team listed above for more information.
