

What do you want to
happen?

Your depression is
causing you to
ignore your child's
problems.

What's going on in
your life right now?

Please identify each
time you weren't
able to control your
temper.

What do you think
would work best?

I know exactly what
you need to do to fix
this situation. It
works for everyone
else.

Tell me about a time
that you were able to
help your child with
her homework?

Don't you think your
reaction is causing
your child's
behavior?

What do you think
would help your
child to complete
household chores?

Do you understand
the homework
schedule I have
outlined for you and
your son?

Why don't you try your plan and then we can talk how well it worked when we meet again?

Please make sure that you follow these instructions exactly as I have told you or you won't be in compliance
