## How the Pieces Fit Together

**Instructions:** With your small group, work through one question at a time. Start with the question number that corresponds with your assigned group number. When you have completed the 1<sup>st</sup> question, tell the trainer. If it is correct, you will receive a puzzle piece. If you are not correct, the trainer will instruct you to try the next question. Once you have reached the last question, you will move to the first question, until you have answered 8 questions correctly. When you receive your 8<sup>th</sup> piece, you will also be given the container. You will then have all the pieces to the puzzle, which you should use to form a completed circle, inside the outer container.

- 1. What does SHARED mean?
- 2. Explain how CAPTA affects Pennsylvania Practice.
- Complete this sentence: According to the Child Protective Services Law, the three components of child abuse are a \_\_\_\_\_\_, an \_\_\_\_\_ or failure to \_\_\_\_\_\_, and a \_\_\_\_\_\_.
